Application Notice

Phosphate Hill Operations

Resource Activity: Open cut (shallow pit) mining of Phosphate ore and processing of ore to manufacture fertiliser

It is advised that Southern Cross Fertilisers Pty Ltd (ACN 004 936 850) has lodged an application for an amendment of the environmental authority in accordance with the requirements of the Environmental Protection Act 1994. The environmental authority being amended is EPML00885513

The Application relates to Phosphate Hill Operations, located in Western Queensland approximately 136km south-east of Mount Isa and approximately 51km east south-east of Dajarra. The mining lease (ML5543) encompasses an area of approximately 14,028ha, less than 10.5% of the lease area is utilised by the operation.

The resource activity is proposed to occur on the following tenure(s) and will involve:

To amend the environmental authority to contain site-specific trigger levels and contaminant limits for releases to receiving waters and groundwaters. Operations are all currently approved and will not be altered.

The application documents for the project consist of the environmental authority amendment application letter (dated 21/10/2013); Appendix 1 Stream Sediment and Surface Water Characterisation Report (C&R Consulting August 2013); Appendix 2 Phosphate Hill Groundwater Monitoring January 2012 Evaluation (C&R Consulting February 2012).

Application documents may be inspected or accessed at:
